Education

- Ph.D. 2022** *University of Georgia—Anthropology and Integrative Conservation*
 GPA: 4.0/4.0
 Advisor: Dr. Roberta Salmi
- M.A. 2018** *San Diego State University—Anthropology*
 GPA: 4.0/4.0
 Advisor: Dr. Erin Riley
- B.A. 2014** *University of Georgia—Anthropology*
 GPA: 3.72/4.00
 Graduated *magna cum laude*

Research Interests

Wildlife conservation; Ethnoprimatology; Human-other animal interaction; Multispecies ethnography; Primate behavioral flexibility; Interdisciplinary ecological methods;

Grants, Scholarships, & Awards

- 2017** **Behavioral and Social Sciences, Graduate level, 2nd place, \$250**
 Awarded for podium presentation on M.A. thesis research at the California State University system-wide Student Research Competition.
- 2017** **Presidents Award, Student Research Symposium, \$500**
 Awarded for podium presentation on M.A. thesis research at SDSU's Student Research Symposium.
- 2016, 2017** **Sonek Memorial Scholarship, SDSU, \$500**
- 2016** **SDSU Graduate Student Travel Fund, \$1,000**
- 2016** **SDSU Student Success Fee: Biological Anthropology Lab, \$17,100**
 Funds from grant made available to all Biological Anthropology graduate students to defray the cost of travel to professional and scholarly conferences, and to host training workshops.
- 2015** **SDSU Student Success Fee: Biological Anthropology Lab, \$5000**
 Funds from grant made available to all Biological Anthropology graduate students to defray the cost of travel to field sites and conferences.
- 2014** **Norton Allen Scholarship, SDSU, \$500**
- 2014** **Presidential Graduate Research Fellowship, SDSU (PGRF)**
 Awarded to non-resident graduate students who demonstrate outstanding potential

for achievement in research or creative activity.

2010-2014 Zell Miller Scholarship, UGA

Covered 90% of tuition and fees at University of Georgia.

2011-2014 Dean's List, UGA

Awarded to students when they have achieved during the course of a semester a grade point average greater than or equal to 3.5 and received no grades below a B.

Teaching Experience

2018 Guest lecture: Honors ANTH 1102

Focused on primatology vs. ethnoprimateology and human-macaque interactions in South Sulawesi, Indonesia. Used instructional technology for hands-on practice of primate behavioral data collection.

2017-present Content writer: Macmillan Learning

Contractor position creating online assessment quizzes to be paired with undergraduate-level ecology textbook.

2015 Teaching Assistant: Principles of Anthropological Linguistics (ANTH 304)

Responsible for grading assignments, tests, and essays.

2015, 2016 Teaching Assistant: Exploring Primate Behavior (ANTH 355)

Responsible for grading assignments, tests, and essays, as well as facilitating lecture when professor is unable to attend and holding office hours.

Research & Employment

2017-present Research Assistant: Center for Integrative Conservation, UGA

Graduate assistant at the University of Georgia's Center for Integrative Conservation Research (CICR). Responsibilities include planning and executing events for student professional development.

2016-2017 Field Research: Causes and Conservation Implications of Human-Macaque Interaction in South Sulawesi, Indonesia

Conducted research for M.A. thesis focusing on how and why humans and nonhuman primates interact in Taman Nasional Bantimurung-Bulusaurang National Park, South Sulawesi, Indonesia. This project blended ethological (i.e., primate behavior) and ethnographic (i.e., semi-structured and informal interviews) research methods in order to understand (a) how and why nonhuman primates choose to interact with humans, and (b) how and why humans choose to interact with nonhuman primates. Funded by SDSU's President's Leadership Fund and SDSU's University Grants Program (PI: Erin Riley)

2015 Pilot Research: Understanding Patterns of Human-Macaque Interaction

Conducted pilot research in South Sulawesi, Indonesia from May-June 2015.

- 2014-2016 Graduate Assistant: Collections Management**
Identify artifacts and catalog existing collections into Access database; create site reports for archaeological excavations. Conduct research to determine provenance of artifacts from sites with little information available. Train interns on archaeological methods and artifact identification.
- 2013-2014 Undergraduate Research Assistant: Primate Behavior and Cognition Lab, UGA**
Assist with lab-based research and data collection for ongoing research projects concerning the cognitive abilities of *Sapajus libidinosus*. Code and analyze slow-motion video data collected *in situ* regarding skill of tool use in *S. libidinosus*.
- 2013 Animal Behavior Research Intern: Maryland Zoo**
Interns design research project under supervision of internship coordinator. All background research, data collection, analysis, and synthesis is done independently.
- 2013 Animal Care and Training Intern: US Navy Marine Mammal Program**
Observed and assist with ongoing research projects, medical procedures, and behavioral training of Atlantic bottlenose dolphins and California sea lions. Assist in diet preparation and quality assurance.

Publications

- 2017 K. Morrow, K. Jameson, and J. Trinidad.** 2017. Primates in film. In: Agustín Fuentes, Michelle Bezanson, Christina Campbell, Sara Elton, Alejandro Estrada, Anthony Di Firoe, Lisa Jones-Engel, James E. Loudon, Katherine C. MacKinnon, K.A.I. Nekaris, Erin P. Riley, Stephen R. Ross, Crickette M. Sanz, Robert Wald Sussman, Bernard Thierry, eds. *International Encyclopedia of Primatology*. Wiley.

Conference Presentations

- 2018 K. Morrow and E. Riley.** *Causes and conservation implications of human-moor macaque interactions in South Sulawesi, Indonesia: insights from ethological and interview data.* Podium presentation, Association of American Physical Anthropologists meeting.
- 2018 K. Morrow.** Using ethnographic insights and strategic communication to inform wildlife management in South Sulawesi, Indonesia. Podium presentation, Symposium on Integrative Conservation, UGA.
- 2017 K. Morrow.** Causes and conservation implications of human-moor macaque (*Macaca maura*) interactions in South Sulawesi Indonesia. Podium presentation, SDSU annual Student Research Symposium and CSU state-wide annual Student Research Symposium.

- 2015** **K. Smith.** The potential for social network analysis to theoretically expand ethnoprimateology. Podium presentation, SDSU annual Anthropology Graduate Student Association Research Symposium
- 2014** **K. Smith, R. Baldree, D. Fragaszy, M. Haslam.** Nut-cracking skill in wild capuchin monkeys (*Sapajus libidinosus*). Poster presentation, UGA Center for Undergraduate Research Opportunities Symposium.
- 2013** **K. Smith.** Fertility of juveniles and the effects of birth control on socio-sexual behavior in captive chimpanzees (*Pan troglodytes*). Podium presentation, Paper Midwestern Primate Interest Group meeting.

Community Outreach & Service

- 2017-present** **Student Member, Conservation Committee, ASP**
Serving as a student member of the American Society of Primatologists' Conservation Committee, which convenes at annual meetings.
- 2017-present** **Secretary, Organized ICON Network and Cooperative**
Serving as secretary for the student Integrative Conservation organization at the University of Georgia.
- 2017-present** **Undergraduate Mentor Program, UGA**
Serving as a mentor to undergraduate students interested in pursuing graduate work and research in the fields of Anthropology and Primatology.
- 2017** **Community Outreach, South Sulawesi, Indonesia**
With colleagues, used insights from ethnographic data to design educational brochure and provide input on signage within Bantimurung Bulusaurang National Park. Brochure and signage were aimed at informing area residents of macaque behavior and diet, and reducing human feeding of macaques along road.
- 2015-2016** **President: Anthropology Graduate Student Association, SDSU**
Served as the chief executive officer of organization, presides at all meetings of organization. Oversees other officer positions and is responsible for administrative aspects of organization.
- 2015** **Facilitator: Leadership Skills Training Course**
Designed and implemented a leadership skills training course for Girl Scouts San Diego, focusing on goal-setting, communication skills, and confidence building.
- 2014-2015** **Fundraising Committee: Anthropology Graduate Student Association, SDSU**
Responsible for coordinating, advertising, and executing fundraising events for AGSA at SDSU. Funds are used to host annual research symposium and to offer travel grants to Anthropology graduate students.
- 2014-2015** **Sponsor: Roots and Shoots**
Founded a weekly Roots and Shoots club at local middle school that caters to

immigrant and refugee students (City Heights Prep Charter School). Club aims to design and implement community projects that benefit people, animals, or the environment.
